Hi Lynn – We anticipate submitting the Island OU (OU-7) Area 40 Supplemental HHRA to the Agencies prior to next week's technical meeting. We would like to use a portion of the meeting to go through this document with you and CH2M Hill (as well as the rest of the Agencies) in addition to obtaining your comments on the Draft IOU (OU-7) Area 40 RI Supplement report. If you would like to get up to speed on the risk assessment agreements, please review the attached white papers, which are updated and reviewed and approved by the Agencies, prior to the preparation of any of the risk assessments (please note, we have submitted an updated HHRA white paper, however, only DTSC has provided comments, so it is not finalized).

We do not anticipate you will have had time to review the HHRA prior to the meeting, so our discussion will just be to orient you on the document presentation.

Please let me know if you have questions or concerns. Thanks! Chris
